

Challenging managers for challenging times

Virtual training for new, aspiring and experienced managers

All is taught, by experienced and qualified trainers with extensive adult social care and management experience.

These new innovative programs will help ensure that your supervisors, team leaders and managers are developed to the highest professional standards to meet the challenges they face now and into the future.

Using the latest technology, we have devised a new training pathway that combines trainer led video conferencing, one to one coaching with the structure and support of digital workbooks.

Learners will get the same high standard of individually tailored training but without the need to leave home.

No deposit - all courses funded entirely by Skills for Care's Workforce Development Fund.*

How it works

To enrol, just contact us to receive and complete our booking form online here:

www.cpdenrolmentform.com

Once that is done, we'll just need to assign people to a class and send them a link to enrol. When learners have enrolled, we will confirm their start dates, tutors etc.

PLEASE NOTE: All learners will need to have access to a Laptop/PC/Tablet and have internet access. All workbooks will be able to be completed electronically (via Word or Editable PDF). Learners will need to have a good working understanding of English.

Learners welcome from any organisation claiming WDF funding.
