# Challenging managers for challenging times

---

## Funded virtual training for new, aspiring and experienced managers

**All is taught, by experienced and qualified trainers with extensive adult social care and management experience.**

These new innovative programs will help ensure that your supervisors, team leaders and managers are developed to the highest professional standards to meet the challenges they face now and into the future.

Using the latest technology, we have devised a new training pathway that combines trainer led video conferencing, one to one coaching with the structure and support of digital workbooks.

**Learners will get the same high standard of individually tailored training as in the classroom, but without the need to leave home.**

***All courses funded entirely by Skills for Care's Workforce Development Fund\****

### **How it works**

To enrol, just contact us or follow the link overleaf to complete our booking form.

Once that is done, we'll just need to assign people to a class and send them a link to enrol. When learners have enrolled, we will confirm their start dates, tutors etc.
