

**DSPT**

Better security.  
Better care.

# GETTING STARTED WITH THE DATA SECURITY AND PROTECTION TOOLKIT

FREE WEBINAR SERIES.

## GETTING STARTED WITH THE DATA SECURITY AND PROTECTION TOOLKIT

### START HERE: FREE WEBINARS TO HELP YOU BE SECURE

The impact of COVID-19 has meant more reliance on technology, and in this digital age it's vital that people's information is kept secure. Have you assessed how safe your confidential information is? Are you clear on good practice to keep both paper and digital records secure? Join our free webinars to help you think about what you need to do to protect your organisation's confidential information.

#### Who are these webinars for?

These webinars are for providers of adult social care in England. They will help your organisation prepare for registering on, and completing, the Data Security and Protection Toolkit (DSPT). No technical knowledge is needed.

These webinars are provided by the Institute of **Public Care (IPC)**, part of Oxford Brookes University, on behalf of **Digital Social Care** and as part of a national support programme funded by NHSX called Better Security, Better Care.

OXFORD  
**BROOKES**  
UNIVERSITY

#### What is the Data Security and Protection Toolkit (DSPT)?

The DSPT is a useful guide and self-assessment tool that can help your organisation keep people's confidential information safe. It can also help a care provider to demonstrate that it meets CQC expectations of good data security practice.

# GETTING STARTED WITH THE DATA SECURITY AND PROTECTION TOOLKIT

## What do the webinars cover, when are they, and how do I sign up?

Better data security means better care, and our free webinars will take you through what you need to do to protect your organisation's confidential information. They will also be a chance for you to ask questions. **There are 5 webinars:**

- How to register for the Data Security and Protection Toolkit
- Start here - what you need to know about data security
- Start here - the policies and procedures you need for better security
- Start here - the data protection and cyber security training your staff need
- Start here - protect your IT systems and devices from cyber threats

## How to register for the Data Security and Protection Toolkit (DSPT)

Having trouble registering on the DSPT or want to find out how to? This webinar will get you started, including troubleshooting common problems.
