

Skills for Care London and South East virtual roadshow

Reconnect, recharge and reset

Over the past few years the Skills for Care London and South East team has run a series of roadshows aimed at managers, learning and development leads, and HR leads from adult social care organisations. We're now relaunching these to provide information about the support available to employers as we emerge from the pandemic.

The first roadshow will be held virtually (via Zoom) on
Tuesday 13 July from 10:00 - 12:30.

Come along to find out about:

- practical tips and guidance for ensuring the continued wellbeing of your staff
- local initiatives that can support your recruitment
- how to re-establish - and build - local partnerships.

There will also be an update from the CQC on upcoming changes to regulation, with the opportunity to ask questions afterwards.

Places can be booked at:

<https://events.skillsforcare.org.uk/lonseroadshow1>

If you're unable to attend but would like more information about how Skills for Care can help you, please contact your locality manager. A list of these can be found at www.skillsforcare.org.uk/inyourarea

Dates of future events will be shared later on in the year.
